PRICE ONE CENT

REFUSED

To Transfer the Case.

Request of the Defendant Was Not Granted.

Affidavits of Prejudice Were Filed.

New Rule Adopted by Sheriff Frank G. Kelly.

Grand Jury Commenced Its Regular Session.

Judge Kohler refused to assign the case of Grafton S. Whittier vs. the A.B.C. Railroad Company to Judge Nye Monday morning.

Attorney Cobbs, representing the defendant, asked that the transfer be made. This case grows out of the accident which resulted in the death of Conductor Justus H. Walborn. In the trial of that case the plaintiff recovered \$10,000. The judgment was set aside by the Circuit court. It was because of this that the defendant asked for a transfer of the Whittier case. Judge Kohler said he would hear the case unless an affidavit of prejudice was filed against him by the defense.

New Rule.

Sheriff F. G. Kelly has adopted a new rule which will be rigidly enforced. Hereafter all divorce summons must be paid for before being served. The sheriff has lost his fees in these cases many times.

Intimidation Alleged.

Cynthia E. and W. H. Hansard have filed an answer in an action commenced by Geo. J. Renner to collect \$145 due on a note. They do not deny the existence of the note. It is alleged that they were intimidated into signing it by Attorney A. J. Wilhelm, who threatened to foreclose a mortgage unless they did so.

Grand Jury.

The regular grand jury began its session Monday morning. Judge Kohler made no special mention of any particular case or class of wrong doing in his charge. The grand jury is made up as follows: G. W. Gridley, foreman; C. W. York, W. N. Hawkins, George Smith, J. S. Taggart, G. K. Stetter, Samuel Leib, N. S. Porter, G. K. Wilson, Henry Musser, Elias Rothrock, John H. Williams, Henry Louby, H. S. Falor and R. F. Palmer. O. E. Lytle was appointed bailiff for the grand jury.

Fraud Alleged.

Samuel Bearick has filed an action against Ada L. and Frank Keister. He alleges that he purchased a tract of land in Monroe Falls from the defendants for \$800. He says the deed was fraudulently made, leaving out a large portion of the land in the

VETERANS

Deserve a Hall in New Courthouse.

Mr. J. W. Little Suggests a Plan That Will Be Popular.

To the Editor of the DEMOCRAT:

Having a matter I would like to bring to the thoughtful people of Summit county, I bring it through the DEMOCRAT, thinking it may reach more people who may be interested than in any other way. I was one of the men who voted for a new court house at our last election, not that I want more law, but less if possible. But what we are compelled to have, I want in a good, suitable place, and I want a safe place for all valuable records that must be preserved and are very important to nearly every citizen of the county.

The proposition I want to bring for all the voters to consider is that when a new court house is built that a hall be made for the Grand Army, with all modern improvements, free of rental, and for their exclusive use as long as one member is living in the county and then for all time as a home and for the safe care of all relics and records of every post in the county, a sacred place where our children can visit in years to come.

Why do I think this right and just? Because the loyal men at home said they would remember us if we would go to the front, which they have most nobly done. But the number of our old soldiers are very rapidly growing less in every post all over this country, and many posts in Summit county can hardly exist under the expense of rent, etc., aside from the work for the needy comrades. Buckley post of Akron, one of the largest in the state, does a work for the needy of their post with that free spirit of comradeship that is not equalled anywhere in this great free country of ours. Then the rent and expense of keeping the hall is a burden where burdens should not fall. What we want is a home for every G. A. R. man in Summit county, when his post is closed for want of members or otherwise.

I am sure that when the time comes (as it will), that this thought will meet the approval of all just people in the county. There are others when plans are completed, who will be also remembered, our noble volunteers of 1899.

THE CHURCH

And Its Relations to City Affairs Discussed.

Rev. C. J. Tannar preached an interesting sermon Sunday morning at the First Church of Christ on "The Church and the City."

He took his text from the 18th Revelation, 21-2, which refers to the contrast between two cities. He dwelt along the line of the rapid growth of new cities and read statistics showing the amount of crime committed in those places.

He said, among other things, that New York city, which occupies a space of 360 square miles, has a population as great as the original thirteen colonies. He also said that special efforts should be made for the redemption of these wicked cities.

STOP THE CARS!

To the Akron Council and Commissioners:

The citizens residing on Glenwood av. and Charles street have sent in petition after petition to have all cars stop at the intersection of those streets with Howard street, but in all cases the petitions have been ignored. Have the citizens no remedy for this gross neglect of their rights? Council should do something to-night to compel the company to stop its cars at these crossings. North Akron citizens demand this concession.

ANTICIPATED

The "Harum" Story of the Beacon-Journal.

Was the New York Correspondent Guilty of Plagiarism?

David Hannum, the incidents and experiences of whose life furnished the basis for the popular novel "David Harum," is enjoying as extensive an acquaintanceship as any living man. The most recent acquisition to his long list of friends is the Beacon-Journal, whose acquaintance Mr. Hannum must have made simultaneously with the correspondent of the New York Commercial Advertiser.

The correspondent of the New York sheet was so greatly impressed with Mr. Hannum, and his winning disposition, that he contributed an interesting article to his paper some two weeks ago, in which he paid many eulogiums to this kind and affable old gentleman.

Saturday evening, that erudite sheet, the Beacon Journal, reached up into the spacious shelves of its editorial memory, pulled down its reminiscences of this life-long friend, and reproduced them in print, attributing the authorship of the article to Mrs. M. C. Read of Hudson. The strangest thing of all is that the impression made by Hannum upon the Beacon was exactly the same as that made upon the New York correspondent.

Mr. Hannum told the same stories, in exactly the same words, and as a consequence the reminiscences of the acquaintance was the same. Some people would be mean enough to accuse the Beacon of plagiarism. But they are widely mistaken. It is the correspondent of the New York Advertiser who is the real plagiarist. He is a man possessed of wonderful presence, and his sagacious foresight enabled him to divine the future, and maliciously steal the article which the Beacon so innocently published Saturday night.

Prisoners Arraigned.

Many Cases Heard by Mayor W. E. Young.

General Raid Made by Officers Saturday.

Two Assault and Battery Cases In Court.

Jumped the Fence at the Base Ball Game.

The prisoner's bench was filled at the opening of Mayor's court Monday. It was again refilled later in the session. The fines and costs imposed today amount to about \$300.

George Seltzer pleaded not guilty to the charge of assault and battery. He went into Sauvain's barber shop Saturday afternoon and slapped Samuel Chance in the face without provocation. Later he called at Pringle's livery barn on North Main st. He wanted a place to go to sleep but was refused admittance by Hugh Pringle. Thereupon he picked up a big club and hit Pringle on the right arm at the elbow several times. This morning Pringle's arm was black and blue from the elbow to his wrist and swelled to twice its normal size.

His case will be heard Wednesday morning.

John Daley, a big stout fellow, graced the prisoner's room. He also had two charges of assault and battery against him. It is charged, he refused to pay his fare on an A.B.C. car in charge of Edward Zimmerman. When "Zim" demanded him to thaw, he struck him. "Zim" then put him off. Soon afterwards Daley declined to pay John Bear, another A.B.C. conductor and assaulted him. In their scuffle Joseph Crunbaugh had his ankle sprained. Daley's bond was fixed at \$100 and the case will be tried Tuesday morning.

Fred Emmel was taxed \$5 and costs for jumping the fence at the Buchtel College Athletic grounds Saturday at the Buchtel-Case ball game. The affidavit for his arrest was sworn out by J. O. Simmons, steward at the college.

It is the intention to vigorously prosecute all similar offenders.

Blaine Lyle, colored, aged 15, was given \$5 and costs for assaulting Ralph Erna Sunday. Chas. Croch, a lad about 15 years old, a witness, appeared barefooted. Lyle's fine was suspended during good behavior.

The case against Wm. Smith, charged with stealing a dog owned by the Victor Coffee Co., was dismissed.

James Gray was arrested today on a charge of petit larceny. It is alleged he stole \$13 from Margaret Boder on last Thursday.

A. D. Miller and Geo. Streumick were given \$2 and costs each for intoxication.

Gertrude Carlyle was fined \$35 for keeping a house of ill fame; Anna Enhart, \$35; Ella J. Roehr, \$35, and Jennie Bennett, \$15. The following were each fined \$10 and costs for being inmates of the same: Anna May, Elaine Ashton, Jessie Andrews, Myrtle Rogers, Belle Roberts, Vera Dale, Fern Kemple, Mary Bush.

The cases of Lovina A. Predmore, for keeping a house of ill fame, and Grace Hall, for being an inmate, were continued until Thursday morning.

NATURAL GAS

Will Not Reach Akron Before Wednesday or Thursday.

It will be Wednesday and perhaps Thursday before the East Ohio Gas Co. will be ready to supply natural gas to the residents in Akron. There remains but 20 miles of the mains to be tested, but the uncertain condition of new mains, keeps the gas company from making any prediction.

ODD FELLOWS

Marched to Church.

Excellent Sermon Delivered by Rev. Blake.

A Large Congregation Heard the Discourse.

The Eightieth Anniversary of the Order.

News of the Local Secret Societies.

The different lodges of the L.O.O.F. of this city, marched in a body Sunday morning to St. Paul's Episcopal church, preceded by the Eighth Regiment band. The church was not large enough to accommodate the crowd, and many were compelled to stand on the outside.

Sunday was the eightieth anniversary of this order, and the lodges assembled in obedience to the order of the Grand Lodge, which designates a certain day to be appropriately commemorated by the order in attendance upon Divine service.

Rev. Blake's address was instructive and helpful. In his introductory remarks, he reviewed the history of the order, and showed its far-reaching influence and power. In speaking of the two-fold intent of this order, he said that the social feature when properly governed, helped to foster the better social elements, and to make one more considerate of the claim of others. His closing words spoken with impressiveness and earnestness, made a deep impression upon the audience. "Take the name of Jesus with you, for in Him you have the greatest friend. The most astounding exhibition of love that the world ever saw and the very essence of all truth; for He is the Way, the Truth and the Life."

Addressed the Knights.

Rev. N. J. Myers delivered a sermon to the Uniformed Rank Knights of Pythias at St. Paul's Lutheran church Sunday morning.
